ENGLEWOOD CLIFFS SHADE TREE COMMISSION **Tree Pruning & Removal**

Scope of Work:

The work to be performed under this contract shall consist of the removal of dead, dying, diseased, interfering, objectionable, and weak branches, the removal of dead or dangerous trees at the direction of the Shade Tree Commission and the disposal of removed wood.

The Contractor shall furnish all materials, equipment, transportation, traffic protection, labor and all else necessary therefore and incidental thereto.

All work to be performed and materials used in these contracts shall conform to the standards set by the New Jersey Board of Tree Experts' Pruning Standards for Shade Trees 1997.

After completion of the work within an area, all branches and debris must be removed from the job site and the site restored to its previous condition.

Limits of Work:

The limits of work under this contract shall include the pruning and removal of trees within the limits of Englewood Cliffs as set forth herein.

Special Requirements:

Maintenance and Protection of Traffic Where Applicable

The full width of existing roadways shall be available for traffic at all times, except through the actual work areas, where the Contractor may, if necessary, occupy with his equipment, ten (10) feet of existing pavement.

Traffic on active traffic lanes shall be maintained in its normal pattern except that as necessary in the opinion of the Supervisor of Roads in the actual work areas and while the work is actually in progress, the traffic of that roadway may be restricted. At no time will a traffic lane have an obstructed width of lane less than ten (10) feet.

During working hours the Contractor shall, at his own expense, employ competent flagmen for such periods as may be, in the opinion of the Supervisor of Roads, necessary to adequately protect traffic and his work. During non-working hours, the Contractor shall not restrict the normal flow of traffic with any of the equipment or materials that he has brought onto the job. All pieces of wood and other debris caused by the pruning operation must be removed from the job site after each days operation.

A warning sign bearing the message "Caution Men Working In Trees" shall be placed not less than three hundred (300) feet in advance of tree pruning or tree removal operations, facing each direction of travel. The letters shall be black and mounted on a yellow reflective background. The signs shall be maintained clean so as to provide maximum visibility.

If battery operated flashing warning lights are used to delineate a traffic hazard, they shall be yellow-flashing electric flasher units conforming to the specifications therefore on file at the office of the Bureau of Safety, Transportation Department, 1035 Parkway Avenue, Trenton, N.J. These specifications require, in part, that the flashing lights be weatherproof and reasonably tamper-proof and theft-proof; shall operate with a flash rate between 55 and 75 flashes per minute with a flash duration of not less than 18% of each flash cycle; and shall be inspected and cleaned daily so as to maintain the lights in proper working condition.

Where the Contractor occupies, with his equipment, portions of the existing pavement, his traffic cones will be used to protect traffic.

Traffic cones shall be used and aligned so that traffic will be delivered in a gradual transition.

Traffic cones shall be of rubber, of 28 inches overall height, 2 inches outside diameter at the top and 15 inches outside diameter at the bottom, tapering to a 15 inch square base. The top portion of the cones shall be painted red and the body yellow, with latex rubber base paint over primer. The cones shall be painted at the place of manufacture. The cone base shall be 7 ½ pounds exclusive of attachments. An approved equal of florescent red-orange cones of 100% polyvinyl chloride may be substituted.

Permits and Licenses:

Vehicles and sweepers used on this project must be registered by the State of New Jersey. Specific requirements may be secured from the Director, Division of Motor Vehicles.

Unity & Payment:

Payment for tree pruning and tree removal will be made on the actual number of crew hours worked at the bid price per crew hour as stated in the Proposal. Payment will be made on properly prepared vouchers supplied by the Shade tree Commission completed by the Contractor and approved by the Mayor and Council.

The Shade Tree Commission shall notify the contractor of the scope of the work to be performed. The Contractor shall review and submit within five (5) days his cost to perform said work based upon his crew price per hour. If the Shade Tree Commission approves the Contractor's proposal, he shall perform said work and will be limited to the costs contained within his proposal. In the event the Contractor encounters unforeseen problems in performing the work, he should immediately inform the Shade Tree Commission for additional approval for the additional work to be performed based upon his rate per crew hour.

crew hour is hereby defined as the number of persons and pieces of equipment necessary to perform the required tree pruning in a satisfactory manner. This shall include as a minimum, one (1) climbing foreperson, two (2) first class climbers, one (1) ground person, one (1) truck, one (1) brush chipper, one (1) power saw, and other incidental tools as may be required. In addition, the contractor shall employ competent flagmen when directed by the Supervisor of Roads and other personnel as he may need.

If due to storms or accidents the services are required at other than normal working hours which are (7:30 AM to 4:00 PM), Monday through Friday, exclusive of holidays, payment will be at one and one-half times the rate as stated in the Proposal.

Minimum Wage Rates:

The Contractor is put on notice that he must pay workers the prevailing wage rates promulgated by the New Jersey Department of Labor and Industry for this Project, copies of which are on file with the County and which will be made a part of this contract, pursuant to chapter 150, P.L. 1963, but in any case must also comply with Federal Regulations establishing a minimum rate.

Locations:

Only trees designated on the work order from the Shade Tree Commission shall be pruned or removed.

Utility Agencies:

Utility agencies shall be contacted by the Contractor any time tree work is so close to the utility that it "could" come in contact with that facility, or if assistance is needed to work safely around overhead or underground installations.

Tree pruning and removal operations may be conducted in areas where overhead electric, telephone and cable television facilities exist. The Contractor shall protect all utilities from damage, shall immediately contact the appropriate utility if damage should occur, and shall be responsible for all claims for damage due to his operations of this contract.

Tree Damage:

Any damage caused by Contractor is to be repaired immediately at no expense to and to the satisfaction of the Borough of Englewood Cliffs. Tree damages as judged by the Borough of Englewood Cliffs will be appraised to determine the value of the damages. If the Borough of Englewood Cliffs determines that the damage warrants removal, it will be done by the Contractor at no cost to the Borough of Englewood Cliffs. The appraised cost of damage may either be paid to the Borough of Englewood Cliffs or deducted from moneys owed the Contractor. If the damage resulted in removal of the tree, the Borough of Englewood Cliffs may accept replacement trees whose combined diameter is equal to that of the tree removed. All replacement trees shall be balled and burlapped and of a species approved by the Committee. Replacement trees shall be delivered to the Borough of Englewood Cliffs between April 1st and May 15th of the year following the damage.

Clean Up:

1. All debris from tree pruning, tree removal and stump operations shall be cleaned up each day before the work crew leaves the site, unless permission is given by the Borough of Englewood Cliffs to do otherwise. All lawn areas shall be raked, all streets and sidewalks swept, and all brush, branches and logs shall be removed from the work site. Work areas are to be left in a condition equal to that which existed prior to the commencement of forestry operations.
2. It shall be the responsibility of the Contractor to remove and dispose of, in a proper and acceptable manner, all logs, brush and debris resulting from the tree maintenance operations.

Damages:

Any damages done by the Contractor to any person or property, public or private, is the sole responsibility of the Contractor and shall be repaired or compensated for by the Contractor to the satisfaction of both injured party and the Borough of Englewood Cliffs at no cost to the Borough of Englewood Cliffs.

Insurance:

The Contractor shall agree to indemnify and to hold the Borough of Englewood Cliffs and the Borough of Englewood Cliffs Shade Tree Commission harmless for all damages resulting from work conducted under this contract pursuant to these specifications and resulting contract and shall file with the Borough of Englewood Cliffs a Liability Insurance Policy or certificate in the amount of \$500,000 per occurrence; \$2,000,000 aggregate for Bodily Injury Liability; and \$2,000,000 aggregate for Property Damage Liability, which policy shall cover the Borough of Englewood Cliffs as an additional insured. The Contractor shall also provide evidence of New Jersey Worker's Compensation Insurance.

Upon execution of the contract, the Contractor shall provide the Borough of Englewood Cliffs with an exact copy of the insurance policy required hereunder, and, within fifteen (15) days after execution of the contract, with a copy of the endorsement naming the Borough of Englewood Cliffs as an additional insured under the Contractor's comprehensive general liability coverage.

Working Hours:

The Contractor shall schedule work between the hours of 7:00 a.m. and 7:00 p.m. Monday through Saturday, unless authorized by the Borough of Englewood Cliffs to do otherwise.

Any practice as determined hazardous by the Borough of Englewood Cliffs shall be immediately discontinued by the Contractor upon receipt of either written or oral notice to discontinue such practice.

Observances of Laws, Ordinances and Regulations:

The Contractor at all times during the term of this Contract shall observe and abide by all Federal, State and Local Laws which in any way affect the conduct under this contract of the work and shall comply with all decrees and orders of courts of competent jurisdiction. The Contractor shall comply fully and completely with any and all applicable State and Federal Statutes, Rules and Regulations as they relate to hiring, wages and other applicable conditions of employment.

Contract Termination:

The Borough of Englewood Cliffs shall have the right to terminate a contract or a part thereof before the work is completed in the event:

1. Previous unknown circumstances arise making it desirable in the public interest to void the contract.
2. The Contractor, in the opinion of the Borough of Englewood Cliffs, is not adequately complying with the specifications.
3. Proper arboricultural techniques are not being followed after warning notification by the Borough of Englewood Cliffs.
4. The Contractor refuses, neglects or fails to supply properly trained or skilled supervisory personnel and/or workers or proper equipment of the specified quality and quantity.
5. The Contractor, in the judgment of the Borough of Englewood Cliffs, is unnecessarily or willfully delaying the performance and completion of the work.
6. The Contractor refuses to proceed with work when and as directed by the Borough of Englewood Cliffs.
7. The Contractor abandons the work.

Indemnification:

The Contractor shall indemnify and hold harmless the Borough of Englewood Cliffs and the Borough of Englewood Cliffs Shade Tree Commission and its officers, agents and employees against all suit, claims, loss, cost, damage, expense, or liability that may be based upon any injury to persons or property that may occur, or that may be alleged to have occurred in the course of the performance of the contract by the Contractor, whether or not it shall be claimed that the injury was caused through a negligent act or omission of the Contractor or his employee, and whether or not the person injured or whose property was damaged were third parties, employees of the Contractor or employees of an authorized subcontractor; and the Contractor shall, at his own expense, defend the Borough of Englewood Cliffs and the Borough of Englewood Cliffs Shade Tree Commission in all litigation or claim incurred in connection therewith; and shall, at his own expense, satisfy and cause to be discharged such judgments as may be obtained against the Borough of Englewood Cliffs or the Shade Tree Commission, or any of its officers, agents or employees.
